

## Belting for Mechanical Separators

Rainbow's Deboning Belts are the leading replacement belt in the industry and can also be found as original equipment on the world's leading machine manufacturers:

- Baader
- SepaMatic
- Bibun
- Toyo
- Selo

## Applications

This USDA compliant, high-abrasion and tear resistant rubber belt is used in the meat, poultry, and fish processing industries. It can also be found in the dairy, fruit, and juice industries.

Rainbow Deboning Belts achieve the highest infeed and yield rates.

### Advantages:

- Truly endless: **No seam or splice**
- Rubber compounds designed specifically for mechanical deboning
- Fabric construction to allow for flat running and even product distribution

## Replacement Sizes & Specifications

	Machine Number	Size	Part Number
<b>Baader</b>	601 Rubber	205mm x 1540mm x 13mm	37.01.0271
	601 Urethane	205mm x 1540mm x 13mm	
	603 Rubber	205mm x 2000mm x 13mm	37.01.0227
	603 Urethane	205mm x 2000mm x 13mm	37.01.0234
	605 Rubber	260mm x 2820mm x 15mm	37.01.0239
	605 Urethane	260mm x 2820mm x 15mm	37.01.0241
	695 Rubber	257mm x 2390mm x 15mm	37.01.0218
	696 Rubber	205mm x 1330mm x 12mm	37.01.0205
	699 Rubber	260mm x 2390mm x 15mm	37.01.0218
	699 Urethane	260mm x 2390mm x 15mm	37.01.0236
<b>SepaMatic</b>	400 Rubber	205mm x 1300mm x 12mm	
	1200 Rubber	179.8mm x 2375mm x 15mm	
	2000 Rubber	259.5mm x 2375mm x 15mm	
	4000 Rubber	259.5mm x 2800mm x 16mm	
<b>Selo</b>	Rubber	9 5/8 x 68 1/2 x 5/8	
	Urethane	9 5/8 x 68 1/2 x 5/8	
<b>Toyo</b>	405	257mm x 2299mm x 19mm	
	405WN	347mm x 2400mm x 19mm	
<b>Bibun</b>	SDX -16	242mm x 1670mm x 16mm	
	SDX—18	355mm x 1925mm x 20mm
